

## **LEGISLATIVE PROCESS FOR THE REQUIREMENTS TO ESTABLISH A SPECIAL REGISTRATION PLATE**

An applicant must submit form MVR-27PPA to the organization prior to February 15 of the current legislative year. This should include the additional proposed fee for the plate to be considered for legislative approval.

The organization must submit a completed Special Registration Plate Development application (form MVR-27GPP) and a fee equal to the amount of the paid applications by February 15 of the current legislative year to NCDMV.

On or before March 15 of each year, the Division shall submit to the Chairs of the House and Senate Transportation Committees, The House and Senate Finance Committees, and the Research Division of the General Assembly a report that identifies each applicant that has applied for a special registration plate to be authorized in the legislative session being held that year, indicating whether the applicant meets the statutory requirements.

If the special registration plate requested is approved by law, the organization must submit the final artwork and the list of purchasers who submitted a paid application to NCDMV within 60 days of passed legislation.

The Division shall issue the plate within 180 days after receipt of the requester's design and the minimum number of paid applications.

If the plate is not authorized in the legislative session in which the authorization was sought, the Division shall refund to the applicant (which is the organization) the fee submitted.
